

# COMMUNITY INVESTMENT IMPACT REPORT

**ARETE**  
PREPARATORY ACADEMY  
A Great Hearts Academy

Gifts to Community Investment help cover the gap between the cost to deliver the top-tier education that our children deserve and what we receive from public funding. With your support, we offer a private school education in a public school setting.

Small class sizes to facilitate a Socratic learning environment

Art, drama, music, and foreign language as part of the core curriculum

Increased day porter services and surveillance and security systems to increase campus cleanliness and safety
